READY TO QUIT AND GO HOME

Law Makers at Columbus In A Wrangle Over Bills

JACKSON BILL IS REPORTED OUT FOR PASSAGE.

COUNTY COMMISSIONERS

Given Authority to Eliminate Grade Crossings On County Roads—Ask Appropriation of \$225,000 for Extension of the Juvenile Research Bureau—Legislative News.

(ASSOCIATED PRESS TELEGRAM)
Columbus, April 22.—An insurgent movement developed in the house when the morning sessions were resumed today, over the action of the majority and minority floor leaders, Representatives Whittemore and Kramer, in selecting a list of bills on the calendar to be advanced and receive early consideration. Representatives Chapman of Montgomery, Terrell of Cuyahoga and Hulsvitt of Hamilton protested against acting on what they thought are minor measures before more important bills.

"For the sake of all that is fair, let us consider bills that amount to something and then quit and go home," shouted Representative Hulsvitt.

The motion to advance the bills suggested by the floor leaders carried, however.

The taxation committee of the house today reported out the Jackson bill, with recommendation for passage, which would reorganize the financial system of cities by forbidding in the future issuance of certificates of indebtedness in anticipation of collection of taxes. It would permit the refunding of present outstanding certificates of this kind, however, by bond issues.

The bill also would exempt from the 10 mill limitation of the Smith law, levies for sinking fund and interest purposes. City councils are authorized under it to issue bonds without a vote of the people to the extent of \$75,000 for any specific purpose, or for extension and improvement of waterworks when this is ordered by the state board of health.

Buildings and grounds of the New Lyme Institute, Ashtabula county, would be taken over and operated as an agricultural and vocational school by trustees of Ohio State University, according to terms of the Platt bill, which the house passed today.

The house also passed the Quinlisk bill, permitting the closing of roads, streets or alleys containing less than 5,000 square feet, on action of city councils.

County commissioners are given the (Continued on Page 11, Col. 4.)

TOWN EVACUATED; CARRANZA FORCES TAKE POSSESSION

(ASSOCIATED PRESS TELEGRAM)
On board U. S. S. Colorado, La Paz, Mexico, April 21.—By Radio to San Diego, April 22.—Carranza customs officials accompanied by 100 soldiers, sailed today on board the steamer Kerrigan, from Mazatlan, for San Blas, Tepic, recently evacuated by Villa forces, to take active possession of the town.

Colonel Oregon, a brother of the Carranza general has been appointed military commandant at Mazatlan.

WILLIS SIGNS AGRICULTURAL DECENTRALIZER

(ASSOCIATED PRESS TELEGRAM)
Columbus, April 22.—Governor Willis today made law of the Smith-Mallow agricultural decentralizing bill by affixing his signature to it and filing it with the secretary of state, although it will not go into effect for 90 days. Ten members of a new board of agriculture will have to be appointed by the governor before the ninety day period expires to replace the present agricultural commission, consisting of A. P. Sandies, S. E. Strode, Homer C. Price and C. G. Williams, resigned. This was the first important administration bill to receive the governor's signature.

'Bus Hauling Crippled Children Struck by A Cleveland Street Car

(ASSOCIATED PRESS TELEGRAM)
Cleveland, O., April 22.—Eleven deformed children, on their way to school for cripples, were injured, three of them fatally, when the bus in which they were riding was struck by a street car here today. The fatally hurt are: Philip Carpell, 8; Theresa Berislavich, 15; Frances Quinlivan, 10. The attendant to the

UNEARTH GIGANTIC SWINDLE

(ASSOCIATED PRESS TELEGRAM)
New York, April 22.—Police authorities today said that one of the 54 operators of medical museums and their assistants arrested here yesterday in one of the most sweeping raids upon alleged medical imposters ever conducted in this city had promised to appear in court today and make a confession. His statement, the police assert, will reveal the workings of a system of national scope for extorting money by fraudulent physicians and false methods of diagnosis.

The chief operator of the museums under arrest here is alleged by the police to have accumulated a fortune of more than \$1,000,000 by operating a chain of medical offices with free museums as "feeders," in New York, Philadelphia, Baltimore, Pittsburg and half a dozen other cities. Most of this came from poor persons and aliens who could not speak English.

More than a hundred witnesses, the police said, are ready to testify that they have been swindled in fraudulent medical institutes. It is charged that in some of the institutes, where arrests were made, healthy detectives who applied for treatment in obtaining evidence were informed that they were in the last stage of tuberculosis or cancer and that \$500 to \$1,000 was demanded to keep them alive.

Some of the methods alleged to have been used by the museum conductors included the sale of a two ounce bottle of ordinary drinking water to a woman for \$300, under the pretense that it was "radium water," and the sale for \$53 of a box of "magic pills," guaranteed to cure tuberculosis.

CONFERENCE ON INTERNATIONAL ARBITRATION

(ASSOCIATED PRESS TELEGRAM)
Mohonk Lake N. Y., April 22.—Announcement was made today that John Bassett Moore, of Columbia university, formerly counselor of the state department, will preside over the 21st Lake Mohonk conference on international arbitration to be held here May 19 to 21.

The announcement of the conference declares that its scope is not to be regarded as excluding consideration of the interests of neutrals of the world at large in the present European war. However, there will be no discussion of the cause and conduct of the war in the form of direct criticism of specific policies or acts of any belligerent.

Special subjects to come up will include the possibilities of "Pan-American influence for peace," and the "International regulation of armaments."

The possibility of a league of peace also will be given attention. Among those on the program are Lindley M. Garrison, secretary of war, and Simon E. Baldwin, ex-governor of Connecticut.

ATTORNEYS ASK COMMUTATION OF FRANK SENTENCE

(ASSOCIATED PRESS TELEGRAM)
Atlanta, Ga., April 22.—Attorneys for Leo M. Frank today filed a petition with Governor Slaton and the Georgia prison commission, asking that the sentence of death imposed upon Frank for the murder of Mary Phagan be commuted to life imprisonment.

INSPECTED THE TOWNSHIP SCHOOLS.

The township board of health, Wm. Holler, F. Frye and Mack Messman made a thorough inspection of the Newark township schools Wednesday. They found them in high class condition especially the sanitary features. The board of health desires to thank the teachers for many courtesies shown while the inspection was being made.

driver of the rig, Ezekiah Finn, 72, was also badly hurt and may die. The wagon was thrown 30 feet by the car. A. Sutton, the driver, said he saw the car coming but was unable to stop his wagon, because a crippled child had his foot on the brake and it was impossible to break the brake without pushing this child off the wagon.

INDICTED FOR MISUSE OF THE FUNDS OF FAIR

(ASSOCIATED PRESS TELEGRAM)
Albany, N. Y., April 22.—Mayor John R. Earl, Postmaster R. Nathaniel Roberts, E. Elms Crosby, J. Milton Woodward and Dr. Anderson Crowforth, all of Lockport, have been indicted on charges growing out of the alleged misuse of funds of the Niagara county fair which was brought to light by a recent investigation. Announcement of the return of the indictments was made today by Attorney General Woodbury.

It is charged that for several years the indicted men were connected with a scheme to divert moneys, intended for legitimate exhibitors at the county fair, to "dummy" exhibitors, some of them dead men, for "exhibits."

SHELL SEVERED AVIATOR'S FOOT; LANDED SAFELY

(ASSOCIATED PRESS TELEGRAM)
Paris, April 22.—A story, telling of the heroism of an aviator, described as "De M—," whose father was killed in one of the first engagements of the war has been sent to the Pett Journal by a correspondent with the Northern army.

"De M—" was sent with a sergeant to bombard a corner of the Belgian coast, where the Germans had been showing exceptional activity. They had to pass over a region where Roland Garros accomplished his most sensational exploits and where the Germans had installed a hundred anti-aircraft guns.

The aeroplane was piloted safely through a storm of shells while the sergeant dropped bombs according to instructions and then turned toward the French lines, rising to a height of 9,000 feet to avoid the hail of shrapnel.

Suddenly a German shell smashed the front wheels and hurtled the machine, severing the aviator's left foot. The aeroplane began to plunge downward, but "De M—" gritted his teeth and righted the machine, keeping it headed toward camp. The sergeant, who thought they were done for, supported the pilot with his left arm while with his right he started to pencil a farewell letter to his mother. They still had fifteen miles to fly to reach a place of safety.

"Shall I take the helm?" asked the sergeant.

"No, no, you trust to me. We'll get back to France all right," was De M's reply.

The sergeant then abandoned his letter writing and supported the pilot with both arms. De M stuck to his task and took the machine safely back to the starting place and crawled out unaided through the hole made by the German projectile. Not until he reached the hospital at Zuydote did he faint.

COKE TRADE CONDITIONS IMPROVING

(ASSOCIATED PRESS TELEGRAM)
Connellsville, Pa., April 22.—Two hundred ovens in the Connellsville coke region were fired during the week ended last night and production for the first time this year reached 300,000 tons. The coke trade is feeling the improved conditions in the steel trade, although merchant operators have not yet found an opportunity to mark up prices.

RETURNS WITH TROOPS.

(ASSOCIATED PRESS TELEGRAM)
Eagle Pass, Tex., April 22.—General Rosalio Hernandez who has been reported about to attack the Carranza garrison at Nave Laredo, returned last night with his 1,000 Villa troops to Piedras Negras, opposite here. No explanation of the return was given.

ROOSEVELT NOW UNDER CROSS FIRE

Delay In Opening the Court Today Because Of Conference

ALBANY COUNTY AFFAIRS GET AN AIR-ING

ADMIT THE BAYNE REPORT

Which Deals With Investigation Conducted By Legislative Committee—Articles Which Appeared In New York Magazines and Newspapers Also Admitted to Record.

(ASSOCIATED PRESS TELEGRAM)
Syracuse, N. Y., April 22.—During the first part of his cross-examination of Theodore Roosevelt today, William Ivins, chief counsel for William Barnes, brought from the former president the statement that he knew the constitution of the state of New York provides that no man is eligible to the office of governor unless he has been a resident of the state for five years prior to the date of his election and that he had made an affidavit the year previous to his own election that he was and for some time had been a resident of Washington.

Colonel Roosevelt's counsel made no objection whatever to the line of questioning which resulted in these statements.

There was some delay in opening court today because of a conference between attorneys and Justice Andrews in the latter's chambers. When the conference was over, court was opened. A copy of the report of the Bayne committee, which investigated Albany county affairs, in so far as it related to printing, was admitted to the record. This had to do with contracts for state printing let to the Albany Journal, Mr. Barnes' paper, and other concerns, and the assignment of certain of these contracts.

Excerpts from the report were then read. The first part had to do with gambling, disorderly houses, and the payment of money to various officials for doing various things. The report of the committee was made in 1911.

The majority of the stock of the Journal company, the report pointed out, was owned by Wm. Barnes, that contracts let to the Journal company were farmed out to the Argus company which paid the Journal company 15 percent.

The report stated Wm. Barnes controlled printing in Albany, practically the owner of the company, owned one-fourth of another company and collected tribute from the third company. The report declared that an employee of the Argus company testified before the committee that the company gave up 15 percent in order to secure printing business.

It was stated that the Argus company bid lower than other competitors for state work, but was unable to get the "ring." It was further said that public documents supposed to have been printed by the Journal company, actually were printed by the Argus company.

"Padding of public printing for the benefit of the Journal company was described by the report. Another part read:

"Duplicate payments for public printing made to the Journal company."

One excerpt was: "The most conspicuous beneficiary of graft, public extravagance and raiding of the municipal treasury, we find from the (Continued on Page 2, Col. 4.)

Mrs. Wm. Cummings Story Elected President-General Of Daughters American Revolution

Mrs. George Thatcher Guernsey of Kansas Mrs. William Cummings Story of New York

(ASSOCIATED PRESS TELEGRAM)
Washington, April 22.—With the long-drawn out fight for control of the national organization of the Daughters of the American Revolution over, and with the faction headed by Mrs. William Cummings Story of New York, to direct its destinies for another two years, delegates to the annual congress again settled down today to cleaning up the routine business before them.

STRANDED MEN TO BE RETURNED TO THIS COUNTRY

(ASSOCIATED PRESS TELEGRAM)
London, April 22.—The board of trade has taken vigorous steps to prevent the abandonment in England by steamship companies of America of mule tenders and horse tenders who are coming over now in large numbers with shipments of army horses. During the early months of the war hundreds of Americans who crossed on the horse boats were left stranded in England by the steamship lines which advanced various debatable reasons for not returning the men to America.

R. P. Skinner, American consul-general in London, laid the facts before the board of trade a month ago. The consulate was at once advised to refer all stranded horse and mule tenders to the board with the result that all such Americans are being cared for. Furthermore, Mr. Skinner has been advised that British steamship lines have been instructed to provide return passage to American, regardless of all contracts and other mooted questions.

TAKES MONEY TO SUPPORT THE 3 FRAZER "KIDS"

(ASSOCIATED PRESS TELEGRAM)
Philadelphia, April 22.—An annual allowance of \$30,000 was not sufficient to properly support the three children of Persifer Frazer, Jr., according to the testimony before the orphan court here yesterday and the court upon the petition of the children's guardians, increased the amount to \$45,000 a year. The income from a trust estate left by the children's grandfather, John L. Welsh, amounts to \$105,000 a year.

The guardians set forth that the wages of servants and other household expenses amount to \$18,000, the rent of their town house to \$2500 and country place to \$1500. Tuition amounts to \$2000 and clothing to a similar amount, while \$2500 was required for traveling and automobile expenses. This was exclusive of any sums spent for amusement and entertainment.

The children are Marie, aged 16; Persifer III, 14, and Isabella, aged 19.

REQUISITION HONORED.

CLING TO COVETED POSITION

British Possession of Hill No. 60 Disputed By The Germans

COUNTER ATTACKS SUCCESSFULLY REPULSED

FIGHTING IS VERY COSTLY

Each Side Suffering Heavy Losses and the End is Not Yet In Sight—Operations Along Entire Eastern Front Are at a Standstill Activity On Western Battle Front.

London, April 22.—Hill No. 60, denominated an area to the southeast of Ypres, continues to be the storm center of the western front, with the British clinging tenaciously to the ground taken by assault last Saturday. Counter attacks after counter attacks were so far successfully repulsed but the British hold is still disputed by the Germans and the end of the lively and costly fighting is not yet in sight. The British losses have not been announced, but they are estimated at well over 2,000. The Germans are believed to have lost more than 4,000 men.

The French drive in the direction of St. Mihiel is about the only other significant move in the west.

The condition of the ground both in the east and the west is now being directly reflected in the local operations. The situation along the entire eastern front is for the moment apparently at a standstill, floods having impeded military activity in the Carpathians to a large extent, while practically nothing has been heard of movements in Poland. On the other hand, fine weather has prevailed in the west for some days, and barring a heavy storm, the ground will become harder daily, a condition which should cause increased activity on each side.

The British press concedes that the taking of Hill No. 60, is largely a local matter, but it considers this engagement an important step forward and a great relief to the town of Ypres so long under bombardment.

The Germans in possession of this hill, were not only above the town, but they threatened the British lines in the vicinity of St. Eloi. The taking of this hill therefore, reduces the inconveniences of the Ypres salient; strengthens the British lines to the south, gives an advantageous position for further efforts and renders the German offensive in this quarter difficult.

FEW FOREIGNERS LEAVE MEXICO ON ARMY TRANSPORT

Washington, April 22.—Of five thousand foreigners in Tampico, of whom half are Americans, only 300 have taken advantage of the United States government's offer of an opportunity to leave on the army transport Buford. There are 285 American, 10 British and five German subjects on the ship, which has sailed. Skirmishes between Carranza and Villa forces near Ebanco continues. Villa still was at Aguas Calientes reorganizing his forces and General Oregon was reported past Tepic despite the fact that Villa had destroyed the railroad as he retreated north.

AEROPLANES AID BATTERIES OF THE RUSSIANS

(ASSOCIATED PRESS TELEGRAM)
London, April 22.—The Reuter Telegram company has received from Petrograd the following semi-official statement:

"From April 6 to 19, at Myzyniec (Near the East Prussian frontier) and in the direction of Lomza and Stawiski there was a duel of heavy artillery in which the Russians had the advantage, silencing one of the enemy's batteries. In the direction of Lomza two enemy batteries suffered severely as well as a train of artillery caissons in the region of Stawiski and a convoy on the Kelm road."

"Thanks to efficient aeroplanes work our guns, often at a distance of 12 versts (8 miles) inflicted damage upon the enemy's convoys and trains which surpassed that of a safe distance."

FIVE BODIES ARE RECOVERED IN THE RUINS

(ASSOCIATED PRESS TELEGRAM)
Birmingham, Ala., April 22.—Searchers continuing work among the ruins of the two retail stores here damaged late yesterday by a falling wall, declared the death list would reach at least 12. Five bodies have been recovered and seven other persons believed to have been in the crowded buildings when the crash occurred were reported missing. More than a score were suffering from more or less serious injuries. The walls, five stories high, weakened by recent rains, toppled over during a windstorm.

Five of the injured were said today to be in a serious condition. Official investigation of the accident has been ordered.

Rescue work proceeded slowly and it was said that it might be a day or two before all the debris had been cleared away and the exact number of dead determined. All of the bodies recovered thus far are those of persons employed in the two stores. They include Alex McLeod, manager of the shoe store and J. H. Whitlock, auditor of the tea company. Among the injured are many shoppers.

Searchers entertain no hope that any of those caught by the falling mass would be found alive now.

RATS CAN CARRY BUBONIC PLAGUE INTO SEAPORTS

(ASSOCIATED PRESS TELEGRAM)
Washington, April 22.—"No seaport in the United States can truthfully say that it has no bubonic plague until it has made a careful survey of its rat population," declares Dr. W. C. Rucker, assistant surgeon general of the public health service, in a statement issued today.

Dr. Rucker says plague already has appeared in three cities in continental United States, exists in many countries with which the United States has intimate trade relations and that with the growth of the foreign commerce, the menace of plague to every port on the American seaboard is increasing daily.

He argues as an additional safeguard the fumigation of incoming ships, rat proofing measures in all buildings at seaports.

Boys and Girls Are Urged To Assist In Clean-Up Of Newark Tuesday, May 4

Superintendent Wilson Hawkins sent a letter to each public school teacher today reading as follows requesting that it be read:

To the boys and girls of the Public Schools:—Newark's annual clean-up day has been set for May 4th. If it were possible I should like to visit every school in the city before that date and talk to the pupils about the importance of clean-up day. The Mayor of this city, the City Council, the Board of Education, the Women's Clubs, the Board of Trade, the Trades and Labor Assembly, the newspapers, the Merchants association, and in fact all citizens who want Newark to be a beautiful and healthy city are anxious to make the Clean-up Day a success. Since Newark started this movement some years ago hundreds of other towns and cities all over the country have taken it up. The Governor of our State has recognized the importance of movements like this and recently by proclamation set aside the whole week beginning April 26th as Clean-up week for the State. I am told that Newark is the first city in our state to have a Clean-up day.

You already know that our City Council and County Commissioners are planning to spend \$700 upon the court house square in order to make it more beautiful. Also the Associated Charities spent \$1,000 in cleaning Newark streets and have made the old Gas Plant property near the B. & O. depot a spot of beauty. I have told you these things that you may know how interested many people are in making Newark clean and healthy. Newark people have done much for the children in furnishing them good school buildings, excellent teachers, fine summer playgrounds, etc., and I am sure that

the children will respond quickly and will want a part in any movement that will help our city.

What can boys and girls do to help? These are some of the things you can do.

1.—You can tell everybody you see and especially the folks in your own home that May 4th is Clean-up Day.

2.—You can wear the "Clean Up" "Paint Up" "Live Up" buttons that have been sent to each building and tell everybody why.

3.—You can assist in cleaning up about your own home including cellars, back yards, alleys, streets, vacant lots, and other neglected spots.

4.—You can make it a rule of conduct not to throw any paper or other waste matter into the streets or alleys. You can protect other people's lawns, flowers, trees, etc., from vandalism by reporting any boy or girl who is so unpolite as to commit such.

5.—You can tell the folks at home that all rubbish is to be placed in boxes if possible and left close to the street curb and that wagons will haul it away free.

6.—You can prevent sickness and even death by destroying all fly breeding spots about your own homes and you can "swat the fly" all summer.

7.—In order that you may have the opportunity to see the parade and attend the circus, the Board of Education has made May 3rd a holiday in the schools. In return for this privilege I suggest that a part of that day and a part of the preceding week after school hours be spent in getting ready for Clean-up day on May 4th. There will be school on May 4th, therefore, have all your rubbish collected and ready for the wagon on the day before.

IS ACTIVE IN BUILDING OPERATIONS

Even Though He Has Reached Four Score and Seven Years—To Erect Nine More Houses.

Though he is past 87 years old, a period of life when most men are content to retire and live a life of ease, Eli Hull of West Main street is content with nothing of the sort. He has been quick to recognize innovations which promise great things for future generations and with the sportsmanship of a man fifty years younger, he is willing to take a chance in trying out the theories of such innovations.

Right now, Mr. Hull is completely wrapped up over the Edison idea of concrete construction for dwellings. He is preparing to put up nine houses by the use of forms patented by Edison and Lambly and leased from the corporation controlling the patents and the forms themselves.

Within the past few days, there has been delivered to Mr. Hull's property in West Newark, nearly 100,000 pounds of steel forms to be used in the construction of dwellings entirely of poured concrete.

A few years ago, the Orange, N. J. Wizard, announced that he had patented forms to be used in this form of construction which promised to revolutionize future building operations. He declared that it was feasible to construct an entire dwelling of poured concrete, that it would be more sanitary, more economical and more durable than any other form of construction now known to man.

It is this idea, further perfected by Edison and Lambly that Mr. Hull proposes to use in the construction work of nine houses in Hull's court, the property surrounding the Hull homestead at West Main street and Linden avenue.

"When this work is completed, I shall be content to rest," said Mr. Hull to the Advocate. "I have been engaged in building operations more or less extensively all my life but I confess that the new proposition has aroused my interest as has nothing else in the past."

"The adoption of this idea is so advantageous that it is to be wondered that it does not come immediately into favor. By its adoption, Newark people interested in building can put to use material found within the city limits. There is sufficient gravel and sand within the city limits of Newark to construct houses for a city of 200,000 population, using the Edison idea of construction."

"It is my belief that the houses I propose to put up can be furnished at a much lower cost than if the same house was constructed from lumber. Besides that, these houses are sanitary, fire proof, and substantial."

Mr. Hull thinks that the construction work will require about 10 days. All floors in the building are of reinforced concrete, with the top surface finished with a special composition more durable and sanitary than wood. The outside of the

houses are to be finished with asbestos stucco which waterproofs the walls and gives the buildings a beautiful appearance.

The only wood used in the construction is that contained in the door and window frames. The construction work is under the direction of Engineer J. V. Green, who comes from the Edison-Lambly offices in New York.

Mr. Hull leases the forms from the Edison-Lambly corporation, paying a royalty of \$150 for each house constructed with the forms. Like many other valuable patents, the forms are not for sale but are leased for use of those who want them. When the work is completed the forms are to be returned to the company.

While there has been much construction work from poured concrete this is the first to be done in this vicinity with the Edison-Lambly patent.

ROOSEVELT

(Continued from Page 1.) evidence to be Wm. Barnes, himself as the owner of the majority of the stock of the Journal company. How much more than the majority of its stock he owned he refused to disclose.

Another excerpt read: "Mr. Barnes dictated where the printing goes and the Argus gives up to the Journal in order to obtain printing."

The par value of Mr. Barnes' stock in the Lyon concern was \$75,000, the report stated, with the comment that Mr. Barnes would not say how he got it.

Articles which appeared in the New York magazines and newspapers about Albany politics were then admitted to the record. The terms "machine politics," "Boss Barnes," and "Boss Platt," appeared repeatedly in these articles.

"The Murphy-Barnes conspiracy" was also mentioned in the articles. After the articles were read, Colonel Roosevelt resumed the stand. In reply to questions by Mr. Bowers, he said:

"I received a letter from Mr. Barnes about the state printing house after I had recommended that one be established. Mr. Barnes called upon me later and said that such a printing house would be in line with socialist propaganda, which would interfere with enterprise in private business."

Colonel Roosevelt then explained how he gave out the offending statement.

"I dictated the statement and gave it to Mr. McGrath, my secretary, and told him to give it to newspaper correspondents at Oyster Bay."

The cross-examination then began.

Mr. Ivins began by asking Colonel Roosevelt about his early life.

"Did you ever study the constitution?"

"I did while I was studying law in Columbia university."

Mr. Ivins was sitting in a chair directly in front of the witness stand.

"When you read the constitution of the state did you see anything about eligibility for the governorship?"

"I don't remember. I guess I did."

"What committees were you on in the assembly?"

"I was on a committee, which, in 1884 investigated certain offices in New York City."

"That was during your second year in the legislature, wasn't it?"

"Oh, no, I think."

Mr. Ivins interrupted the answer. He said:

"I want answers, Mr. Roosevelt not suggestions."

"Did you investigate the department of public works?"

"An investigation was presented so we stopped."

"As chairman of that investigation in Oyster Bay?"

"My memory is that I did."

"Do you remember when you did not pay personal taxes in Oyster Bay?"

"Yes, I paid them in New York, while I was police commissioner."

"How long were you police commissioner?"

"I was on the police force for two years."

"Did you know when you joined the police board that there were two Democrats and two Republicans on it—that it was a bi-partisan board?"

"I don't know whether it was called bi-partisan or not."

"You testified yesterday that in 1898 you resided in Washington. Is that right?"

"Yes, I was living there for the purpose of carrying on my duties as assistant secretary of the navy. I was there about a year."

"In 1897 did you pay any taxes other than real estate in Oyster Bay?"

"I don't remember."

"Do you recall making an affidavit in Oyster Bay that you were a resident of New York?"

"No."

"Are you prepared to swear you paid personal taxes either in New York or Oyster Bay in 1897?"

"I remember nothing about it."

"In 1898 did you appear before the tax commissioners in reference to your assessments?"

"I don't remember."

"Do you remember making an affidavit in 1898 about your New York tax assessment?"

"Yes, I made it in Washington."

"You made an interlineation in this affidavit?"

"Yes."

The affidavit was identified by Colonel Roosevelt and read. In it Colonel Roosevelt said that since 1897, he had lived in New York and that he was then a resident of Washington.

Mr. Ivins then read section 2, article 4, of the state constitution, which provides that a person is not eligible for the governorship unless he has for five years continuously had been a resident of New York state.

Colonel Roosevelt said he first saw that part of the constitution after his return from the Spanish war.

"I now call your attention," Mr. Ivins went on, "to a paper signed by Secretary of War Alger. It is a commission of Lieutenant Colonel of

volunteers given to you in 1898. In this Colonel Roosevelt says he is described as a resident of Washington. At that point a recess was taken, ton."

TURKS ENTRENCH ALONG COAST OF GULF OF SAROS

(ASSOCIATED PRESS TELEGRAM)

Paris, April 22.—The Havas Agency has received the following despatch from Athens:

"The Turks have entrenched themselves strongly along the coast of the gulf of Saros from a point near Enos, on the main land with particularly formidable works opposite Bulair (Peninsula of Gallipoli)."

"The allied fleet yesterday bombarded Turkish encampments near Bulair, the position of which previously had been indicated by aviators."

"An allied aeroplane dropped bombs Monday on Tchaisme, in the Gulf of Smyrna."

"A British torpedo boat bombarded a Turkish camp in the village of Katophanagia, near Smyrna."

"Information received at Piraeus states that a Greek sailing ship which left for Samos two days ago, struck a mine in the Aegean sea and blew up. The captain, his wife and nine members of the crew were killed. The mine is supposed to have drifted from the Dardanelles."

DIED FROM INJURIES.

(ASSOCIATED PRESS TELEGRAM)

Coshocton, O., April 22.—John Goodin, 49, railroad clerk and Mrs. W. F. Park, 60, injured in recent automobile accidents, died here today from the effects of those mishaps. Fremont Goodin, 10, son of the man who died, is not expected to recover from injuries sustained at the time his father was hurt. Three other members of the Goodin family are recovering.

The Promise of A Better Tire Day

Goodyear Fortified Tires came, years ago, to promise men a better tire day. And that promise was fulfilled.

They made Goodyear the largest-selling tire in the world, a place it has held ever since. Last year men bought 1,479,883—about one for each car in use.

Not Magical

Don't expect in the Goodyear a magical tire. It is not exempt from mishap and misuse.

It won top place because it averaged best. It did that because, in five great ways, it excels every other tire. It combats in five ways, exclusive to Goodyears, these six major troubles—

Rim-Cuts
Blowouts
Loose Treads

Insecurity
Punctures
Skidding

One way—our "On-Air" cure

costs us \$450,000 yearly. One comes through forming in each tire hundreds of large rubber rivets. One compels us to vul-

canize in each tire base 126 braided piano wires.

One comes through our double-thick All-Weather tread, with its sharp, tough, resistless grips. These things together mean a super-tire.

Lower Prices

Yet these costly-built tires, in the past two years, have been thrice reduced in price. Our last reduction—on February 1st—brings the two-year total to 45%.

Never has a tire given so much for the money as Fortified Tires do now. We ask you, for your own sake, to prove it. Any dealer will supply you.

(ASSOCIATED PRESS TELEGRAM)

New York, April 22.—The question as to whether Harry K. Thaw is entitled to have a jury determine his sanity remained undecided today in the mind of Supreme Court Justice Hendrick. When attorneys for Thaw and the state of New York appeared in court to hear his decision, Justice Hendrick announced that he had not yet had time to complete his study of the authorities, but hoped to be able to render his decision tomorrow.

CLOUDY SKIES THREATEN RAIN AT CLEVELAND

(Associated Press Telegram)
Cleveland, April 22.—Cloudy skies threatening rain at any minute, greeted the fans today for the home opening of the American league baseball season. The locals, re-christened the Indians this year, back home from their first road trip in second place, were to meet the Detroit Tigers, holders of first place, and if the weather permitted a big crowd will be expected to watch the battle. There will be no frills or ceremonies. Mitchell will pitch for Cleveland and Dubuc probably will pitch for the visitors.

WELSH UNABLE TO BOX HARVEY; SHOULDER HURT

Columbus, O., April 22.—Things are never rosy in the boxing game. Just when Billy Fairman, matchmaker for the Olympic club, thought he had everything arranged to please the most exacting fan Friday, along comes a telegram from Harry Pollak, manager of Freddie Welsh, champion lightweight of the world, saying that his boxer had injured his shoulder and could not box Johnny Harvey.

Here is the wire that caused grief among the Olympic club officials: "Welsh strained ligaments in left shoulder in second round of Watson fight. Will have to ask postponement. Can you stage match May 7? Can I do anything to help?"

(Signed) "Harry Pollak." Fairman jumped to the front and started negotiations with a score of the top-notch lightweights. However, at a late hour last night he was unable to pick a substitute for Welsh. He is after Charley White, Joe Rivers and Jack Britton. It is possible that one of the three may be secured today.

It can be said without hesitation that Matchmakers Fairman will not bring some one here who is merely after the money and does not care for the fans. He said last night that he would rather postpone his match than put on a show that would be displeasing to the sporting fraternity.

BIG STRING OF FISH LANDED BY EXPERT ANGLER

Harry Nies, of South Fourth street spent Wednesday at Buckeye Lake and proved to his friends beyond all peradventure of doubt that the fish stories with which he has been regaling them the past few months, have a solid and substantial foundation. His catch yesterday consisted of three fine large black bass and sixty Lake Eries and after preparing them ready for the kitchen he impressed an automobile into service and delivered fish to a number of his friends last evening. Mr. Nies is an expert angler and is rightfully entitled to the champion belt for the largest individual catch at the lake so far this season.

M'CARTY SLUGS BALL IN OPENER AT TERRE HAUTE

Johnny McCarty, Newark boy playing this season with Terre Haute, was the big hitter in the game which the Hautes won by a score of 6 to 1. McCarty got two of his team's 14 hits, both his blows being good for two bases. He has been stationed in right field. When his purchase was announced, the club president predicted that McCarty's batting would add materially to the club's pennant hopes. A number of other players familiar to Newark baseball fans appear in the batting order of the eight teams in the circuit.

At Wheeling where the game has been restored after having been abandoned several years, the claim is made that 3,500 people attended the opening game. Meister and Martin, two former Newark players in Ohio State and Central league days, are with Wheeling. Meister got two hits in yesterday's game.

Among the other players known in Newark are Gyll, playing first for Erie; Compton, managing Dayton; Gilbert, managing Terre Haute; Carly Blount, managing Youngstown; Higley, former Mansfield pitcher, now with Grand Rapids; Schettler, former Youngstown pitcher, still with that club.

SHAY TO MANAGE KANSAS CITY CLUB; SUCCEEDS ARMOUR

Kansas City, April 22.—Danny Shay, who managed the Kansas City American Association club during the seasons of 1910 and 1911, today was engaged to manage the club by President Tebeau. He succeeds William Armour, who becomes vice president of the club. Shay will take charge of the team Friday. It was announced. When Shay had charge in 1911 Kansas City finished in second place. Shay resigned at the end of that season.

IF KIDNEYS AND BLADDER BOTHER

Take a glass of Salts to flush out your kidneys and neutralize irritating acids.

Kidney and bladder weakness result from uric acid says a noted authority. The kidneys filter this acid from the blood and pass it on to the bladder, where it often remains for hours, causing inflammation, causing a burning, stinging sensation, or setting up an irritation at the neck of the bladder, obliging you to seek relief two or three times during the night. The sufferer is in constant dread, the water passes sometimes with a scalding sensation and is very profuse; again, there is difficulty in voiding it.

Bladder weakness, most folks call it, because they can't control urination. While it is extremely annoying and sometimes very painful, this is really one of the most simple ailments to overcome. Get about four ounces of Jad Salts from your pharmacist and take a tablespoonful in a glass of water before breakfast, continue this for two or three days. This will neutralize the acids in the urine so it no longer is a source of irritation to the bladder and urinary organs which then act normally again.

Jad Salts is inexpensive, harmless, and is made from the acid of grapes and lemon juice, combined with lithia, and is used by thousands of folks who are subject to urinary disorders caused by uric acid irritation. Jad Salts is splendid for kidneys and causes no bad effects whatever. Here you have a pleasant, effervescent lithia-water drink, which quickly relieves bladder trouble.

Case of Leo Frank.

The supreme court of the United States has denied a writ of habeas corpus to Leo T. Frank the young Atlantic manufacturer who stands convicted of the murder of a young girl. This action reduces Frank's chance of escaping the gallows and it now appears that he can escape the death penalty only by the governor's pardon or commutation of sentence.

The full story of the Frank case has appeared in the Advocate's news columns, the graphic account written by Mr. Connolly who believes in Frank's innocence having been widely read in this section of the county.

The majority of the supreme court holds that Frank was fairly tried but Justice Holmes and Justice Hughes rendered a dissenting opinion, that the allegation of mob violence should be examined into by the United States courts as a relative point as to whether the trial was fair or not.

Justice Hughes and Holmes dwell with much force upon the intimidation exercised upon court and jury in Atlanta by crowds of people upon whom there was no restraint. If Frank's conviction resulted from "lynch law practised by a regularly drawn jury," it was no less lawless than the decree of a mob. The State Judge who presided at the trial and has since died is on record as to the disorders in and about the court, and it is remembered that in passing sentence he expressed doubt of the prisoner's guilt and placed the entire responsibility for conviction upon the jury.

Commenting upon the Frank decision the New York World says:

Whoever may appear in Georgia with courage and humanity enough to stay the execution of the very questionable sentence in Frank's case will find full justification in the admirable opinion subscribed to by Justices Hughes and Holmes, which, if not good Federal law, is at least first-class State law.

The Pittsburgh Gazette Times after giving a review of the decision concludes with this paragraph:

The unfortunate feature of decisions of this character is that they leave the question of guilt untouched and confine themselves to the manner in which conviction was arrived at. There will be some who fail to understand why all of a jury of 12 weighing evidence alone must vote alike to send a man to the gallows and yet seven judges out of nine reviewing only the regularity of procedure, or five for that matter, can accomplish the like result on appeal. At the same time it is fair to assume that under all the circumstances, the of last resort would not have decided as it did if a majority were not well persuaded there was no mistake in the verdict and no miscarriage of justice.

Courage

By EDWARD BRYAN ANDREWS

Courage requires deliberation before action. Recklessness is ignorance. Courage is wisdom. Courage requires thinking. The thoughtless man may be reckless, but he is not courageous. Courage is the middle course between foolishness and cowardice.

A fool may either run from danger or rush into danger. In neither case does he stop to think. The man who sees and understands the danger, and wills to accept the consequences, then deliberately chooses the dangerous course is courageous.

The courageous man is wise. He avoids danger whenever possible. He chooses the dangerous course when necessity demands. Courage is calm but always alert.

Be courageous. Face every danger with calmness. Weigh every consequence in the balance of reason. Decide before hand to pay the price of every action.

When manhood demands enter danger. That is courage.

Cotton Export.

Germany has been getting a good deal of cotton from this country, but through its own ports and through those of neutral countries, and England has again declined to declare it contraband. But if the reply of the English Attorney General to a delegation is correct we shall not be able to sell any more cotton to Germany: he believes that the alleged "blockade" is effective enough to prevent Germany from getting cotton by either route that strikes another blow at our trade, but our cotton exports for the year have nearly caught up with those of a year ago.—Philadelphia Record.

A FOND FAREWELL.

Good by for a season, old furnace, my lad; you kept us from freezing when weather was bad; your rest, till November, you've certainly earned; I'll always remember the coal you have burned. Rest there in the cellar, oh, furnace, and rust, forgetting the mountains of coal you required, forgetting fountains of oaths you inspired. You caused my soul twinges too fierce to relate, adabust your old hinges, decaying your old grate! I toiled like six dragons to keep you in coal, the coal dealer's waxes forever did roll, out here to my palace, the basement to fill; I basted my gallus to square up the bill; for weeks did I scamp and cheap thermostat! Oh, rest till the autumn, down there in your den, and then your old bottom I'll shake up again; I'll claw at the clinkers and paw at the slate, and cuss like the tinkers—till then you may wait.

AVOID SPRING ILLS

Purify and Build Up the Blood With Hood's Sarsaparilla.

In the spring your blood needs cleansing and enriching. You feel poorly, and there is more or less eruption on your face and body. Your appetite is not good, your sleep is broken, and you are tired all the time.

You need Hood's Sarsaparilla. It is the one safe and effective tonic that has stood the test for forty years. It makes the pure red blood that will make you feel better, look better, eat and sleep better. It is the old standard tried and true all-the-year-round medicine for the blood and the whole system.

Ask any druggist for Hood's Sarsaparilla, and insist on having it. Nothing else acts like it, for nothing else has the same formula or ingredients, and so there is no real substitute. Get it today.

See them before you purchase your spring outfit--They are not only styles that Fashion has smiled upon, but materials that are particularly good for this season's wearing, and in addition we have marked each number at a price that makes their owning easy.

Read the Descriptions Below and Then Visit Us.

\$22.50

No. 16. A number of shades of poplin, including Fashion's newest--the putty shade, are seen in this dainty Empire effect, one of the prettiest of the season's models. Fancy hand embroidery on the long, gracefully pointed collar and pendant ball ornaments at the collar and on the pleated waist back, make this a delightful style. The lining is messaline. The skirt is developed in a yoke effect with pleats at the side \$22.50

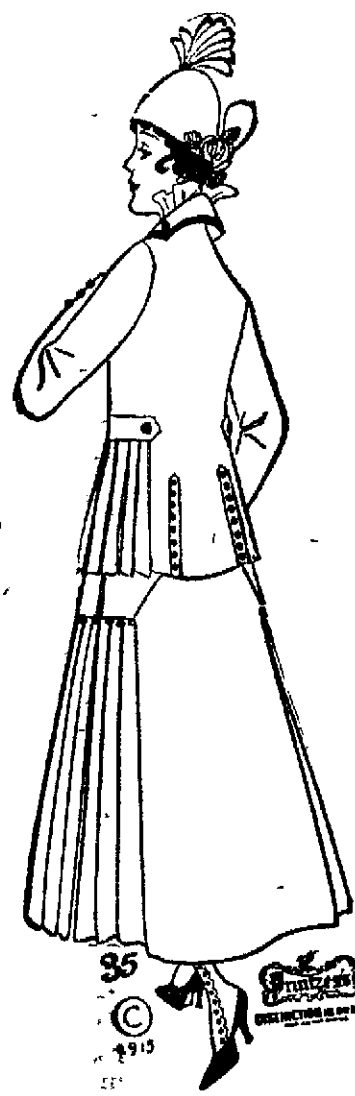

\$16.50

No. 247. The plain front of this well proportioned coat is in complete harmony with the full flaring back that falls from the yoke across the shoulders. Patch pockets, button trimming, and a fancy silk collar trimmed with bengaline are pleasing touches. The choice of materials is wide, including blue, brown and battleship grey whipcords, shepherd and black and white checks. The lining throughout is messaline. Style No. 234 shows a similar style in coverts \$16.50

\$25.00

No. 31. The belted Empire effect is brought out in this model. The extreme points on the cuffs as well as on the front of the jacket add much to the appearance of the suit, which is developed in covert and in the new shades of poplin as well as in staple colors. The circular skirt has a fancy yoke and a stitched band at the bottom to give a cuff effect \$25.00

\$22.50

No. 35. An effective belted model set off with braided piping, the full skirt with yoke effect and pleated panels on the side matching the same feature of the jacket, which is lined with a fancy poplin. The button trimming adds to the appearance of this garment. Exceptionally good in misses' sizes. Developed in black and navy serge and in tartan plaids \$22.50

\$35.00

No. 26. This one-button cut-away suit featuring the long pointed front jacket with scalloped back and ball trimming is developed in navy, black and sand color single cord gabardine. The jacket is messaline lined and has a hand embroidered faille silk collar and a touch of hand embroidery forming a triangle in the center of the back. A full pleated back panel is a feature of the skirt \$35.00

\$16.50

No. 244. Note the uneven bottom of this full messaline lined coat. The belted front is pleated at either side, while the back has a broad panel effect, a very pretty touch being produced by the belt terminations at the side of the panel. There is an overturned satin trimmed collar set off with contrasting piped button holes. You can choose from checks, coverts, and from whipcords, poplins and bedford cords in a wide range of colors...\$16.50

\$19.50

No. 2. A mannish little Norfolk type well adapted for misses' sizes, developed in homespun and in small checks. A truly out door suit lined with messaline. The freedom given by the swagger effect of the skirt makes it a most desirable model. Style No. 28 offers serges and attractive checks. Style No. 1 features coverts, gabardines and handsome shepherd plaids \$19.50

Now that you have examined the illustrations, have read the descriptions, why not go a step further and see the actual garments--try them on--stand in front of the mirror and let it tell you the story that it has told so many wearers of Printzess, that is, perfect fit, graceful style, and modest price.

EMPEROR ON VISIT TO THE BATTLE FRONT

General von Hindenburg, during the last few days has been visiting the German front in Alsace. Near Muelhausen, his majesty reviewed the Prussian troops which fought at Hartmann's Wood, and from Colmar he visited the trenches in the Vosges mountains. At Strassburg the emperor promoted Colonel Reuter of Zalem to the rank of major general. The emperor held no receptions and the news of his movements of the imperial party.

Obituary

Abram H. Smith.
Abram H. Smith, who was born in Gratiot, this county, Aug. 18, 1840, but who for many years has been a resident of Noble county, Ind., died at the home of his daughter in Lagrange, Ind., where he had been taken a few weeks ago for treatment, aged 74 years, 7 months and 22 days.

Mr. Smith was one of Noble county's best known citizens. He was active in all progressive movements, and contributed his portion to every good and worthy cause.

Some years ago Mr. Smith retired from his farm in Elkhart township and removed to Ligonier. He built a commodious residence on First street and at once became identified with Ligonier and her material interests.

The funeral service was held in the Christian church in Ligonier, the service being conducted by Elder J. H. Bentz, of Huntington. Mr. Smith was married to Mary E. Dunn of Licking county, O., Oct. 1861. Came with his family to Elkhart township, Noble county, Ind., in the fall of 1864, where he worked like all the pioneers of that day to hew a home out of the forest. He and the sweetheart of his youth journeyed together almost 50

years and reared a family of seven, to man and womanhood. One son, Frank, died in infancy. The mother was gathered home in June, 1911.

The remaining children were all able to be with the father in his last sickness and are as follows: Charles L. and Bruce T., of Toledo, O.; Mrs. A. J. Hostetter, of LaGrange; Edwin D., of Albion; Howard, and Mrs. Curtis Cole, of near Ligonier, and Mrs. Walter Robinson, of Ligonier, who has kept the home.

For about 40 years he had belonged to the Old School Baptist church, and the sweet story of grace and the dear old Bible were his chief joys.

He was of a genial, cordial disposition and his friends were many.

Earl Hollister.

Earl Hollister, son of David and Elise Hollister, died at his home, 350 Middle street, Dayton, O., Wednesday afternoon, after a short illness, aged 15 years, 5 months and 14 days. He is survived by his parents and two sisters, Anna and Louise. The body will be brought to the home of his grandfather, I. G. Burkham, corner of East Main street and Monroe avenue, this city. From this home, the funeral services will be held Friday afternoon at 2 o'clock. Interment will be made in Cedar Hill cemetery.

Mrs. Lottie McCarthy.
The body of Mrs. Lottie McCarthy, aged 64, who died at her home in Columbus Tuesday night, was brought to Newark Thursday morn-

ing and taken to the Egan undertaking parlors in East Main street. The interment took place on Thursday afternoon in the Shannon cemetery near Clay Lick. Mrs. McCarthy formerly resided in Newark.

Personal

Miss Mildred Meyers of Columbus is spending a few days with relatives in Newark.

William Westmyer of Columbus is a visitor in Newark today.

John Tewell of Toledo spent Wednesday in Newark looking after business interests.

Miss Tere Kernan of Zanesville is the guest of her sister, Mrs. W. B. Wingerter of West Church street.

Miss Mary Miller of West Church
street has returned from a visit with
relatives at Columbus, Ind.

Injuries Leg.
Fred McGwen, of Hudson ave., was
injured while at work on Wed-
nesday when a barrel he was lifting
fell, and badly bruised his leg.

Work Has Started.
Work has been started on the im-
provement of the court house park.
Trenches are being dug for the wa-
ter service in the center of the four
squares. It is thought that the ac-
tual work of setting out the shrub-
bery will be started early next week.

"Be a Booster."
Down in Cambridge where a cam-
paign is being conducted to raise
funds for a hospital, one of the
catch phrases used is "get the fever
and be a hospital booster."

Cottage Prayers.
The union cottage prayer meeting
will be held at the home of Mrs.
Mercer, 462 Baltimore street, near
Curtis avenue, Friday evening, at
7:30 o'clock. Everybody invited.

In addition to the improved outlook in
the winter crop belt, there were unex-
pected assertions that wheat seedling
in the cotton and Minnesota was 90
per cent completed. After opening un-
changed to 1 1/2 cents higher, the mar-
ket secured a little further gain and
then receded to below last night's
level.
Corn gave way with wheat. At first,
however, prices showed a little
strength owing to further damaging
rains in Argentina. The opening here
was varied from a shade off to 1/2
cent advance, was followed by a mod-
erate setback all around.
Oats weakened as a result of the
slight moisture supply. Rural offer-
ings were larger.
Steadiness characterized the pro-
vision trade. What little selling there
was, came mostly from speculation.

**"REFORMATION"
TICKET SALE
OPENS FRIDAY**

The story of the Reformation will be told in drama, song and story at the High School auditorium on Monday and Tuesday evenings, April 26 and 27th. The entertainment opens with an allegorical procession in which the entire class will march forming the figures of the church, the square, the cross, the triangle and the star.

As they march they sing stirring hymns of the church and with the waving flag, flashing lights and brilliant colored costumes they form a beautiful picture. The monk's scene at Earfuth monastery is interesting and the singing by the choir men effective. The principal scene of the evening presents Luther's trial at the Diet of Worms. The court of Charles V thronged with princes, knights, courtiers, bishops and soldiers form a gorgeous spectacular setting for this famous trial which changed the history of the world.

The sombre black of the nuns' garb and the pure white of the novices throw each other out in bold relief as first one and then the other forms the background of the beautiful tableaux while they sing "Over the Line," "Lead Kindly Light," "Ave Marie" and other sweet songs of the church.

The different scenes are connected by the lecture given by Miss S. Ethel Brown, who has recently returned from Europe where she visited the cities, castles, cathedrals, etc., which she so clearly describes.

Another fine procession in which more than 100 people march and sing, Luther's great battle hymn, "Ein Feste Burg" close an entertainment which no one should miss.

This entertainment is very instructive to all, especially history students, as well as interesting. The tickets will be reserved at Urban's Drug Store beginning Friday at 9 a. m. Come early and secure your seats.

In Milady's Boudoir
BY GWEN SEARS.

The eyes are the most expressive features of the face. It is the part of the face through which the soul seems to shine. It is the magnet which draws toward itself all of the veiling fascinations of the face. The large part of the beauty of a woman's eyes is under the control of herself.

A set of exercises that will strengthen them and help the eyes in all ways, if they are carefully followed, should be planned in plain view on the wall of every woman's dressing room.

Hold a pencil at arm's length, draw it slowly up to the bridge of the nose, looking closely at it; all the time. Do this ten times.

Raise your eyes as high as you can as if looking at the ceiling, then look down to the nose, looking cross-eyed. This must be done five times, never straining the eyes, but doing it gently and slowly.

Look as far to the left as you can on a direct line with the eye, then from the left to the right in the same way, never straining the eyes.

These exercises should be done in the morning only without facing the light. After the eyes have become stronger (which takes about a week) the exercise may be done both morning and night.

Try This If You Have Dandruff

There is one sure way that never fails to remove dandruff completely and that is to dissolve it. This destroys it entirely. To do this, just get about four ounces of plain, ordinary liquid arvon; apply it at night when retiring; use enough to moisten the scalp and rub it in gently with the finger tips.

By morning most, if not all, of your dandruff will be gone, and three or four more applications will completely dissolve and entirely destroy every single sign and trace of it, no matter how much dandruff you may have.

You will find, too, that all itching and digging of the scalp will stop instantly and your hair will be fluffy, lustrous, glossy, silky and soft and look and feel a hundred times better.

You can get liquid arvon at any drug store. It is inexpensive, and, four ounces is all you will need. This simple remedy has never been known to fail.

Every Day Etiquette

"Please tell me if it is proper to use place cards at a birthday party?" was Gladys's inquiry.

"I think it is always well to provide place cards and, if they are cleverly designed, they often afford a way to start conversation," replied her aunt.

THE PERILS OF BRONCHIAL ILLS

The bronchial membrane lining the bronchial tubes, the bronchial tubes and the bronchial veins all become highly inflamed from bronchitis—results of exposure to cold or dampness. Quick relief determines whether the disorder shall stop at the first stage or progress to the chronic form.

SCHENCK'S SYRUP

contains no narcotics. By prompt reduction of the bronchial inflammation it relieves the keen pain and dull ache that throbs through the air passages and supports the affected parts. Eighty years a family medicine for the treatment of bronchitis, coughs, hoarseness.

SUFFRAGISTS OF 17TH CONGL. DIST. MEET HERE SATURDAY

Suffragists of the Seventeenth Congressional District will observe Saturday, May 1, as a day of special effort, all Ohio suffragists observing the same day in the various districts. The suffragists of this district will attend a convention to be held in Newark on that day. The organization here has extended an invitation to all interested to attend the meeting.

PURITY

In a wrestling bout here Saturday night, Frank Taylor received a fall that resulted in the dislocation of his right ankle and the fracture of the smaller bone of the leg, a little above the joint.

J. T. Hughes is suffering from the fourth of a series of misfortunes that have relentlessly pursued him since one night last fall when he stumbled against a porch swing and fractured a rib. A few weeks later, he punctured his foot with a nail and narrowly escaped blood poisoning. Next, he fell off the approach to his barn and injured his side. To relieve the pain of that, he bathed his side freely with turpentine. Recently he applied an adhesive plaster to the skin, already sore from the application of liniment, came off with the plaster when it was removed. The pain was so severe a physician was called to relieve it, and though resting more comfortably, the patient is not able to sit up much.

Bertha, the 4-year-old daughter of Mr. and Mrs. Samuel Hamilton, underwent an operation last Friday for adenoids. She is recovering nicely.

Mrs. Della Harris entertained her Sunday school class of fourteen girls at her home near here, Saturday afternoon. She was assisted by Misses Jessie Wright and Elsie Taylor.

Funeral services over the remains of Mrs. Earl Popham, who died at the Sanitarium in Newark, Saturday evening, will be conducted at Eden, Thursday at 11 a. m.

A baby girl was born Sunday to Mr. and Mrs. Russell Wantland, at the home of the latter's parents. Mrs. Wantland was formerly Miss Eura Devoll.

The degree team of the Purity Grange will go to Wilkin's, Wednesday.

GERMANS HAVE THE ANSWER OF PRES. WILSON

(Associated Press Telegram)
Washington, April 22.—The American government's answer to the recent memorandum of Count von Bernstorff, the German ambassador, complaining that while the United States had failed to maintain its right to export foodstuffs to Germany, it had permitted the shipment of arms to the allies, was before the German government today. The shipment of arms, the ambassador asserted, was not in keeping with the real spirit of neutrality.
The American note, which had been finally written by President Wilson, had been sent by Secretary Bryan to Count von Bernstorff, who transmitted it to the German foreign office. The reply is regarded here as a carefully-framed statement of the position of the United States and it is believed will clear up any doubt that may have existed as to that position. The attitude of the American government, as outlined in the note, is that to stop the shipment of arms during the progress of the war would be in violation of the neutrality of the United States.

HAVE DARK HAIR AND LOOK YOUNG

Don't stay gray! Nobody can tell when you darken gray, faded hair with Sage Tea and Sulphur.

Grandmother kept her hair beautifully darkened, glossy and abundant with a brew of Sage Tea and Sulphur. Whenever her hair fell out or took on that dull, faded or streaked appearance, this simple mixture was applied with wonderful effect. By asking at any drug store for "Wyeth's Sage and Sulphur Hair Remedy," you will get a large bottle of this old-time recipe, ready to use, for about 50 cents. This simple mixture can be depended upon to restore natural color and beauty to the hair and is splendid for dandruff, dry, itchy scalp and falling hair.
A well known downtown druggist says everybody uses Wyeth's Sage and Sulphur, because it darkens so naturally and evenly that nobody can tell it has been applied—it's so easy to use, too. You simply dampen a sponge or soft brush and draw it through your hair, taking one strand at a time. By morning the gray hair disappears; after another application or two, it is restored to its natural color and looks glossy, soft and abundant. Agents Hall's Drug Store.

REV. DON TULLIS INSTALLS PASTOR OF COSHOCOTON CHURCH

Coshocoton, April 21.—Coming as a fitting close to the two days session of the annual spring session of the Zanesville Presbytery, was the installation of Rev. De Estry Cassell Boyd, as pastor of the First Presbyterian church in Coshocoton, Tuesday evening.

The service was presided over by the newly elected moderator, Rev. B. S. Jones of the Keene Presbyterian church. The constitutional questions were put to the pastor by the moderator and the charge was given by Rev. Don Tullis of Newark in a cleverly original way instructed the pastor in some of the duties of his new position.

The Tuesday morning and afternoon sessions of the Presbytery were devoted entirely to business mostly of a routine nature. The only special feature being the appointment of four commissioners to the general assembly of the church at Rochester, in May. The men thus honored are: Rev. H. E. Porter, the retiring moderator, of Brighton church Zanesville; Dr. Dickerson of Putnam church, Zanesville; Elder D. F. Laughlin of Warsaw, and Elder Charles O'Bannon of the First church, Newark.

MISS SEYMOUR ILL AT MOUNT VERNON; WELL KNOWN HERE

Miss Mary Seymour, for many years a teacher in the Mt. Vernon high school, has been critically ill at her home on West Pleasant street. She was threatened with pneumonia, and a few days ago her heart became affected. While she is not yet entirely out of danger, her condition is improved.—Mt. Vernon, Republican News.

Miss Seymour is well known to Newark people. She is an aunt of A. T. Seymour, of Columbus, formerly of Newark, and W. F. Seymour, of this city. She is also a cousin of Mrs. Emily H. Mosteller of Elmwood avenue, this city.

PREDICTS GREAT CIVILIZATION IN TEMPERATE ZONE

(ASSOCIATED PRESS TELEGRAM)
Birmingham, Ala., April 22.—A civilization greater than that now in the temperate zones, will be built in the tropics as a result of conquering diseases, according to a surgeon, General Gorgas of the United States army. This prediction was made by him in an address before the Alabama Medical Association here yesterday.

"The valleys of South America are greater in fertility than any other region known to the world," Dr. Gorgas said. "I believe in time to come we will see a more intense civilization in these great tropical countries than we now find in the temperate zone."

"This movement is commencing now, and will affect the southern states first. The Gulf of Mexico and Caribbean sea will prove to the south what the Mediterranean is to Europe."

Rather Far Fetched.

"I suppose the man who has charge of the coining of 25-cent pieces has an army rank." "What army rank could he have?" "That of quartermaster." Baltimore American.

Judge and Lawyers In Roosevelt-Barnes Suit

Judge William S. Andrews
William H. Van Benschoten
William H. Van Benschoten

William S. Andrews, justice of the New York State Supreme Court, who presided at the trial of the \$50,000 libel suit of William H. Barnes, Jr., former chairman of the Republican state committee of New York, against Theodore Roosevelt, was so little interested in the choice of a jury that he read a seed catalogue for information while the lawyers were busy. William H. Van Benschoten, chief counsel for Mr. Barnes, is one of the best known lawyers of New York. He is daring and remarkably acute. Whether or not he will succeed in a cross-examination of Mr. Roosevelt is not known. No other person who has attempted the feat has succeeded. William H. Van Benschoten is one of Mr. Roosevelt's lawyers.

Beware of Ointments for Cataract That Contain Mercury

Mercury will surely destroy the sense of smell and completely derange the whole system when entering it through the mucous surfaces. Such articles should never be used except on prescriptions from reputable physicians as the damage they will do is ten-fold to the good you can possibly derive from them. Hall's Catarrh Cure, manufactured by F. J. Cheney & Co., Toledo, Ohio, contains no mercury and is taken internally, acting directly upon the blood and mucous surfaces of the system. In buying Hall's Catarrh Cure be sure you get the genuine. It is taken internally and made in Toledo, Ohio, by F. J. Cheney & Co. Testimonials free. Price, 75 cents per bottle. Sold by druggists. Price, 75 cents per bottle. Take Hall's Family Pills for constipation.

Recently he was hurled from an engine when it blew up, but escaped with only a few bruises. Stewart says he has had seven narrow escapes from death.

IRON TRADE REVIEW.

Cleveland, Ohio, April 22.—The Iron Trade Review today says: The announcement of the Pennsylvania and the Pennsylvania lines west that \$28,000,000 would be spent in new equipment has been the most encouraging event of the past week, eclipsing even the news in regard to orders for war materials and for lathes to be used by American manufacturers who have taken orders for projectiles. The appearance of the Northwestern railroad with an inquiry for 2000 cars and the development of some other railroad business has added to the more cheerful feeling prevailing.

Low prices of Lake Superior iron ore which prevailed last year and in 1912 have been fixed for this year by sales of about 700,000 tons at those figures.

Pig iron shows more activity in Philadelphia and Chicago districts, but is quiet elsewhere.

LICKING

The Young people of this community surprised Miss Clara Shaffer at the James Black home where she has been making her home the past few months, having charge of the "Brown school," last Wednesday evening. She expects soon to leave for Athens to attend summer school.

The Misses Mabelle and Mary Ruffner and Viva Orr attended the Sunday school convention in Hebron last Sunday afternoon and took supper with Mr. and Mrs. Sanford Black.

Mr. R. V. Sperry and family of Newark, Mrs. C. N. Harford of Granville attended dinner at the home of Miss Gertrude Black.

Mr. Weckley and family of Cambridge have moved on the J. L. Cheemey farm. They attended church at this place last Sunday. We hope to have them with us regularly now.

Mrs. Linn and Mrs. Russell Kyle of Union Station attended services at this place last Sunday.

Mr. and Mrs. Ed S. Lawyer of near Thornville attended services at this place last Sunday.

The last sad rites over the body of our brother, T. P. Jones, were held at the church last Thursday afternoon. The funeral was largely attended, as his friends were numerous. Sympathy goes out to the family.

Mr. John Vickers and Miss Wahneta Sayres called at the home of Gertrude Black last Sunday afternoon.

The class of Willing Workers met with the Misses Mabelle and Mary Ruffner last Saturday afternoon.

Baptism services will be held at Union Station Sunday afternoon, May 2.

Mr. and Mrs. T. E. Jones of Granville attended the funeral of T. P. Jones last Thursday and also called to see Mother Black.

Mr. and Mrs. Fred Blade after a couple of weeks visiting at their respective homes here and at Alexandria, left for their home in Columbus last Monday.

Mr. George Davis and sister Nellie of the Newark road, attended church at his place last Sunday.

Will Probated.

The will of the late Mary A. Shannon of Newton township, was today, entered for probate and P. F. Koontz was appointed executor, giving bond in the sum of \$2,500.

LET SENTANEL LAXATIVES DO YOUR SPRING CLEANING

Wonderful Little Performers, 10c

Like your house, your system needs a little special attention in the spring. Winter has left your bowels clogged, your liver lazy, your blood impure; you need a good inside housecleaning. Sentanel Laxatives will do the trick. And do it without pain, griping, or griping. They work more effectively than the ordinary cathartic, for they not only clean out the nasty, noxious poisons, and put your liver back on the

job, but they tune up the whole system so that you feel simply great!

There's not a bit of mercury (calomel) in Sentanel Laxatives. They are made entirely from old-fashioned, time-tried herbs and plants that are used by physicians daily. Have your druggist send you a box. 10 doses 10c. Get them busy tonight. Your money back if they don't quickly make good. The Sentanel Remedies Co., Inc., Covington, Ky.

Ohio Legislative Notes

Columbus, O., April 22.—All statements to the contrary notwithstanding, as the lawyer fellows say in their affidavits, Governor Willis has shown that he knows something about making those Republican Senators and Representatives eat out of his hand when it comes to a showdown. The threatened reprisal in the senate, because of the defeat of the Gallagher bill in the house and the announced reasons therefor, didn't repress worth a cent. When Governor Willis insisted that the administration desires on tax matters, and other things were paramount, and that the patronage axe would fall on some fellows like a catamount the little army of rebellion subsided and work is agreeably resumed. Meanwhile the coal operators who thought they had been double crossed by the governor are made to feel a light and their too have quit kicking. The Gallagher bill is not yet so dead as it looks, but if it cannot be revived after a while there will be a substitute measure offered. Anyway the Green law for the benefit of the miners will be eradicated, the lobbyists for the operators will be paid for the work well done, the miners will be forced to work on half pay, and the administration will be vindicated. There will be no reprisals, however, so long as the governor can find a job here and there to give.

The following from the Sandusky Register (Rep) about the Gallagher bill is interesting. Under head of "A Warning to Willis" the Register editorially reviews the history of the bill, the surprise of the lobbyists and the operators who had supported Willis against Cox, the later charge of treachery made against Willis, and the final quieting compromise. The backers of the bill this paper calls "statesmen financiers" and says: "Among these statesmen financiers are numerous representatives of the 'game' democracy. They supported Governor Willis, not because of any great light they had received from the political argument but because they thought they could get something out of it." Still further commenting on the apparent trouble the Register says: "If he (Willis) has lost the support of the Republican-Democratic coal combine, even admitting that the Gallagher bill had merit, he has lost it none too soon. His administration could not afford the association."

Chairman Reighard of the finance committee says Ohio cannot afford a decent penitentiary for a couple of years because the state is "broke," apprehending that appropriations and fixed funds stand against the fat treasury surplus by Governor Cox. State Auditor Donahay reiterates that there is a net unincumbered balance of more than \$6,000,000 and asks: "If the state auditor, whose business is to keep the books, doesn't know what the net balance is, how is somebody outside the auditor's office to know it?" And immediately comes State Treasurer Rudy W. Archer, staunch Republican, who says that, thanks to the business foresight of the past couple of years, the income of the Willis administration next year will be \$1,100,000 more than it was last year because of excise taxes and the like which are not paid by the people. On April 19 the treasury of the state held a balance of \$9,852,319; the balance month after month fluctuates around the \$10,000,000 mark. The Willis administration is in power: what's the use of starving the state's wards to try to give proof to a lie which has already served its purpose and to which no one longer

gives credence?—it may show good partisanship but it's poor service.

The following letter has been received and is herewith given immediate attention:

CASCARETS FOR BOWELS, STOMACH, HEADACHE, COLDS

Get a 10-cent box now.

Are you keeping your liver, stomach and bowels clean, pure and fresh with Cascarets—or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets immediately cleanse the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system that constipated waste matter and poison in the bowels.

No odds how sick, headachy, bilious and constipated you feel, a Cascaret tonight will straighten you out by morning. They work while you sleep. A 10-cent box from your druggist will keep your head clear, stomach sweet and your liver and bowels regular for months. Don't forget the children—their little insides need a gentle cleansing, too.

Building May Begin.
Speculation was rife today, concerning the probability of the construction of an oil refinery at Central City. All efforts to locate B. G. Dawes of Columbus, an officer in the Columbus Oil & Fuel Company, and said to be financially interested in the recent purchase of a big tract of land at Central City, were unavailing. Recent developments at Central City gave rise to the rumor that construction would be begun on the refinery.

Reported Improving.
William Twigg, oil and gas well contractor, who underwent an operation in a hospital in Cincinnati today was reported as improving.

The leading article in the April number of the Ohio State Medical Journal is by a Newark physician, Dr. Wm. Howard Lewis. Its title is "Exophthalmic Gorter."

MUSIC CLUB

AT GRANVILLE MET WITH PRESIDENT AND MRS. CLARK W. CHAMBERLAIN

Closing Program of Season Presented to Hundred Guests—Vacantive Mansion Decorated.

(Special to The Advocate)
Granville, April 22.—President and Mrs. Clark W. Chamberlain throw open the executive mansion on College Hill, just evening, for the open meeting of the Women's Music club which presented the closing program of the season. The house was beautifully decorated throughout, the place of honor, the speaker's table, being occupied by a great bunch of two or three dozen choice roses sent by the Denison Glee club to the members of the Music club. The drawing room at the west was used as a stage, the library and wide hall being used as the auditorium where nearly one hundred guests were seated.

Mrs. Chamberlain, the hostess, and Mrs. Millard Brelsford in quaint old costumes, opened the program, with a piano duet, published in 1856, arranged by Luchesi, entitled: "Ladies' Reception Grand March," to whose stirring strains the ladies of the club arranged in costumes of the past century, filed to their seats. The president, Mrs. Howard Darrow, in her graceful opening speech, paid a tribute to Mrs. C. B. White, who has served as chairman of the program committee during the year, and who was detained at home by the illness of her mother, Mrs. Sarah Wright Simnett. She announced the topic of the evening as "Granville Music in the Past," with historical setting by Mrs. Burton Case. In order to impart the proper atmosphere, the members wore costumes of the old Granville days, and the leader touched upon the conditions facing the first settlers in the town whose journey from Old Granville, Massachusetts in 1805, was made in wagons in forty-nine days. She acknowledged the sources of her information as being Mrs. E. S. Sheppardson, Dr. F. W. Sheppardson, Mrs. Denman, Mr. H. W. Howe, Mr. T. E. Hayes, Mrs. C. B. White and Bushnell's History of Granville. Her data was classified under the heads: "The First Service," "The Singing Schools," "The Church Choirs," "Musical in the Schools," "Choral Societies," pointing out the obligation resting upon the Granville of this generation to accomplish as much with its enlarged opportunities, as did the Granville of the last century with its limited ones.

The musical numbers were those sung or played before Granville audiences as early as 1848—most of them in the 50's—all of them interesting and enjoyable. As given the musical program was:

"Ladies' Reception Grand March".... Mrs. Chamberlain, Mrs. Brelsford Vocal, "Dobby Shatto".... Mrs. Fred Seymour Duet, "The Moon is Beaming Over the Lake".... Mrs. Karl Eschman Mrs. C. J. Loveless

(Sung at Granville Female College in 1837 during examinations, by Misses Sarah A. Wright and Mamie Baldwin.)

"Lily Dale" (1852).... Dr. and Mrs. J. W. Rohrer Dr. and Mrs. J. D. Thompson "Echo du Mont Blanc" (1854).... Mrs. Alfred Orcutt Mrs. Susan Bowden

FOR SALE BY T. J. EVANS.

Temans of Newark; Mr. Wallace Cathcart of Cleveland; Mr. Brown of Columbus.

Miss M. E. Penney entertains at tea this afternoon, complimenting her houseguest, Miss Shields.

Mrs. A. D. Cole of Columbus has been the guest of Mrs. L. E. Davis for a day or two.

Dr. Emory W. Hunt of Boston, formerly president of Denison, was the guest at luncheon yesterday of Prof. and Mrs. C. E. Goodell, also guest of honor and principal speaker at the Y. M. C. A. banquet last evening, held in the Beta House. He left at 9 o'clock last night for New York.

Theodore Johnson is a man of surprises. His friends have long known that he can survey and engineer, and run a Sunday school, or carry on a campaign for righteousness, but even his most intimate friends did not realize until last evening that he can sing like a Scotti. His duet with Mrs. Johnson, on the Music club program, brought down the house.

Mrs. Colwell read a beautiful tribute at the concert last evening to the late Horace Hamlen, chorister and music teacher in Granville for forty years.

Mrs. Case, leader of the program, paid a high tribute to Mrs. E. S. Sheppardson, to Mrs. Mary Abbott Thresher, Miss Rosa Kerr, and others who have meant much to musical Granville.

Mr. Wallace Cathcart of Cleveland, one of the Denison trustees, has been the guest of Prof. and Mrs. C. D. Coons in South Pearl street for several days.

Messrs. Chapman and Glover, the contractors for sewers in Granville, have made many pleasant acquaintances in Granville. It is understood that Mr. Glover has rented apartments in the West End of town.

READY

(Continued from Page 1.) same authority to arrange for elimination of grade crossings on country roads now held by city councils within municipalities, in the Whittemore bill, which the senate passed. This measure, now ready for the governor's signature, is intended particularly to permit abolition of a grade crossing on a road between Akron and Barberton, Summit county.

If juvenile delinquent laws 20 years ago had been as strict as they are today, half the population of the state would have served terms in penal or corrective institutions. Dr. A. F. Shepard, member of the state board of administration told the house finance committee today, in asking an appropriation of \$225,000 for extension of the juvenile research bureau.

He also declared half the delinquent boys and girls now in the state's reformatories or industrial schools are victims of physical ailments, and that correction of these in their younger days would have prevented delinquency.

The task of harmonizing the house and senate differences over the Barnes-Moore civil service bill was started today with the appointment of senate members of the conference committee, Senators Moore, Wickline and Howard. It was said to be probable Representatives Barnes, Whittemore and Kramer would be named in the house.

NUDE BODY

Of Thirteen Year Old Girl Found in Alley and Stepmother Confesses to Criminal Operation.

(Associated Press Telegram) Muskogee, Mich., April 22.—Admission that her 13-year-old stepdaughter Evelyn Steel, whose nude body was found in an alley in the rear of her home this morning died at 9 o'clock yesterday morning while she was attempting to perform a criminal operation upon her, was made at noon today by Mrs. Albert Steele, to Coroner James F. Babin.

The coroner announced that Mrs. Steele confessed after she had been questioned for nearly an hour.

FIVE ARRESTED FOR THEFT OF THREE CHICKENS

For the theft of three chickens from the hen house of Dr. J. W. Hornby in West Main street Wednesday night, police officers early Thursday arrested James Smith, Lennox Redman, Sam McGrunder, Mrs. Liza McHarder and Mrs. Laura Allen in West Main street and lodged them at the city prison pending an investigation. Later affidavits were filed against Smith and Redman charging them with the theft of the three chickens. The case was continued and a hearing in the case probably will take place before Mayor Bigbee today morning.

The police say the Redman admitted having taken the chickens and passed them on to Smith. Redman has been employed by Dr. Hornby.

REPORT ON THE OPERATIONS IN WESTERN ARENA
(Associated Press Telegram) Berlin, Apr. 22.—Via London.—German army headquarters today gave out a report on the progress of hostilities reading: "In the western arena, south of La Bassee canal and to the northwest of Arras, we undertook several successful mining operations. "On the Argonne and in the region between the Meuse and the Moselle yesterday saw fierce artillery engagements. French forces last night advanced in the western part of the wood Le Petre but they were repulsed with heavy losses. "On the northern border of Hartmanns-Wiehlkopf we destroyed a point of support of the enemy and in the evening we drove back a French attack. "In the eastern arena of hostilities, the situation shows no change." Walker Evans of Outville, suffered a fractured leg just above the knee Wednesday in a fall. It may be necessary to have an X-ray examination before the fracture can be properly reduced.

DAUGHTER OF VICTOR HUGO IS DEAD IN PARIS

(ASSOCIATED PRESS TELEGRAM)
Paris, April 22.—Adele Hugo, the youngest daughter of Victor Hugo, died yesterday at her residence in Suresnes, a suburb of this city, at the age of 85.

The sad and tragic life story of Adele Hugo, many years ago aroused the sympathy of the entire world. As a girl, she was kidnapped at Guernsey by an English officer. All Europe was searched by her parents, but they obtained no trace of her whereabouts.

Several months later a girl was found wandering alone in the streets of New York, apparently demented, declaring "I am the daughter of Victor Hugo." This was the only statement she ever made.

She was sent back to France to her parents, but her lips remained sealed until the end and the tragic story of her life never was revealed. She failed to entirely recover her reason and after the death of her father, lived a solitary existence. When she did consent to converse, it never was of the past.

Mlle. Hugo's only appearances in public were when she went to Paris to witness from the back of a darkened box the reproduction of one of her father's plays. Apparently she had no friends and never received visitors.

RELEASE WARDS; STATE HAS NO EXPENSE FUND

(ASSOCIATED PRESS TELEGRAM)
Charleston, W. Va., April 22.—Boys and girls held in the county jails throughout the state who have been sentenced to the state reformatory institutions are being released because West Virginia has no money in the state treasury with which to pay transportation, owing to the legislature's failure to provide sufficient funds with which to pay the state's operating expenses. Officials are also in a quandary as to what to do in cases of insane persons now being held in jails awaiting transfer to state asylums.

Y. W. C. A. Gymnasium Term Will Close With Demonstration

The Y. W. C. A. gymnasium classes close this week with a demonstration of class work, including marching, drills, folk dances and games. It will be given Friday night at 7:30 o'clock at the Y. M. C. A. gym. The members appreciate the courtesy of the Y. M. C. A. in loaning their gymnasium at this time when the Y. W. C. A. is so inadequate.

The enrollment during the past term has exceeded any previous term, proving that a larger gymnasium is now almost a necessity. The enrollment is as follows: Evening classes, 26; Juniors, 30; Industrial, 75; Matrons, 14; total for term, 155.

Tennis will now take the place of the indoor gymnasium work. You may join the Y. M. and Y. W. C. A. tennis club at any time. The courts will be ready for use Saturday, April 24. Only \$1 for the entire season. Instruction will be given upon request.
